PRESS NOTE

Imphal, the 8th November, 1981.

The following Press Note received from the Government of India dated New Delhi, September 15, 1951 is republished for general information—

ABOLITION OF BEGAR ALL LEGAL ACTION TAKEN.

"All action needed has been taken to I gal protection against forced labour in any form", states the Hon'ale Shri Jagiyan Ram, Minister for Labour, Government of India, in a statement placed on the table of the Parliament on September 10, 1951.

The statement gives a resume of the measures taken for the abolition of begar or forced labour. At its fourteenth session held in Geneva in 1930, the International Labour Conference adopted a draft Convention requiring all member countries to abolish forced or compulsory labour in all its forms within the shortest possible period. The aforessid Convention defines forced or compulsory labour as "all work or service which is exacted from any person under the menace of any penalty and for which the said person has not offered himself voluntarily." Action taken in India falls into three broad phases, the first beginning in 1931, the second in 1947 and the third belonging to the current period.

In 1931, the Convention adopted by the International Labour Conference was placed before the Indian Legislature and both the Houses adopted a resolution generally recommending to the Government that they proceed to take action on its various provisions. The Government of India examined the Central Acts and the Bengal Regulations of 1:06 and certain Land Revenue Acts were amended to stop the use of forced labour by private individuals or landlords. On the suggestion

of the Government of India, administrative instructions were issued by certain Provincial Governments to stop the use of forced labour and many Indian States also enacted legislation on the subject of forced labour.

The Provincial Labour Ministers' Conference held in November, 1947, recommended a general enquiry to agree tain the prevalence of fireed labour. An Officer on Special Duty was appointed in August, 1949, to study the various legal enactments-Central and Provincial-on forced labour and to submit proposals for the repeal or amendment of offending provisions. He adopted two broad divisions of forced labour, one authorised by law and the other under agressic serfdom or debt handage or that performed in accordance with social customs. On the recommendations made by the Government of India in the light of his proposals, several States have taken legislative steps. The Government of Orissa have already taken action to delete the offending provisions in the Angul Laws Regulation 1976 and the Khondmals Laws Regulation 1936 and are considering proposals for amendments to the Orrissa Compulsory Labour Act, 1948. The Government of Madras have agreed to amend suitably the offending provisions in the Mairas Compulsory Labour Act, 1858. The Governments of the Punjab and U.P. have agreed to delete Section 65 of the Northern India Canal and Desinage Act, 1873, which empowerd these Governments to obtain forced labour for carrying out usual annual repairs. The Criminal Tribes Act Enquiry Committee has endorsed the view that the Criminal Tribes Act, 1924, be replaced by a Central Legislation of only the habitual offenders,

The Labour Ministry's Agricultural Labour Enquiry, the results of the first stage of which are already available, disclosed the existence of forced labour, in some form or other, in 74 villages in the l'unjab, U.P., Bihar, Orissa, PEPSU, Madhya Bharat and Jamu and Kashmir These States were requested to take necessary steps to eradicate forced tobur. A similar request has been made to other states also, in case similar condition might be prevailing in other regions. The intensive Family Enquiry, which is the third stage of the Agricultural Labour Enquiry, may furnish more data in this connection which will similarly be passed on to State Governments concerned for necessary action.

The Constitution of India guarantees legal protection against forced labour. Article 28 (1) forbids forced labour except in the cases covered by Article 23 (2), which refers to the right of the State to impose compulsory service for public purposes and makes contravention there it an effence. All laws to the contrary are void under Article 13 (i) and notwithstanding anything in any such law, the exaction of forced labour in contravention of Article 24 would be a punishable offence under Section 374 of the Indian Penal Code. The Government of India intend to request all States to give the widest possible publicity in rural areas to these provisions of the Constitution.

Thus the position today is that on the legal plane, all action needed has been taken for protection against for red labour and on the administrative plane data-have been collected—and more are being collected—which may torm the basis of investigation and executive action by the State Governments.

Provided further that as among Government servants in quasi--permanent service whose specified p sts are of the same grade and under the same appointing authority, termination of service consequent on reduction of posts shall ordinarily take place in order of juniority in the list referred to in rule 7.

7. (1) Subject to the provisions of this rule, a Government servant in respect of whom a declaration has been essued under rule 3, shall be eligible for a permanent appointment on the occurrence of a vacancy in the specified posts which may be reserved for being filled from among persons in quasi-permanent service, in accordance with such instructions as may be issued by the Governor-General in this behalf from time to time.

Explanation.—No such declaration shall confer upon any person a right to claim a permanent appointment to any post,

(2) Every appointing authority shall, from time to time, after consultation with the appropriate Departmental Promotions Committee, prepare a list, in order

of precedence, of persons in quasi-permanent service who are eligible for a permanent appointment.  - (b) any gratuity to which he is entitled in respect of his service before his appointment to quasi-perminent service.
- 13. Where a Government servant in quasi-permanent service is appointed substantively to a permanent post, the entire period of his quasi-permanent service, together with one-half of the period of the precising continuous temporary service (excluding extra-ordinary leave) rendered after 2nd September 1939, shall be deemed to be qualifying service for the grant of pension or gratuity as the case may be.

MEMORANDUM ENPLANAIORY OF THE CLNTRAL CIVIL SERVICES (TEMPORARY SERVICE) RULES 1949.

- Rule 1.—This rule explains the scope of these rides. The rules are intended only in respect of personnel paid out of Civil estimates. They do not apply to employees or Railway Department and personnel paid from Defence service estimates. They do not also apply to Government servants who would have held a lien on a post under the Government of India or a Provincial Government had their lien not been suspended.
- Rule 2.—(a) The term "Government service" has been defined in a broad sense. It includes periods of duty as well as periods of leave including extraordinary leave. Prior service rendered in establishments paid out of Defence service estimates and service in Railway Department bing service under the Government of India is govered by this term. In order to enable refuges G veriment servants to fulfil the three years limit prescribed in Rule 3(i) prior service rendered under the Governments of Sind, N.W.F.P., and Biluchistan is also treated as Government service irrespective of such service being in a permanent capacity or in a tempotary capacity. In the case of refugee Government servants there may be a gap between the date they relinquished their service under the Provincial Government concerned and the date on which they were appointed under the Government of India. That gap has been treated as joining time or as leave and in either case it counts as Government service for the purposes of these rules. Temporary service under Provincial Governments other than those mentioned above is not treated as Government service.
- (b) The term "Quasi-Parmanent service" has been evolved with the object of attaching certain benefits to such services. Once the service of a temporary

Government servant is declared as quasi-permanent be counts the periods of duty and leave with allowances thereafter irrespective of duty having been rendered in the post in respect of which he has been declared quasi-permanent or any other post. Quasi-permanent service ceases when the Government servant is either appointed to a permanent post in a substantive expanity or is relegated to a purely temporary service for reasons of inefficiency or as a disciplinary measure. It should be noted that extraordinary leave does not count as quasi-permanent service. This exclusion has been made because extraordinary leave does not count for pensionary benefits.

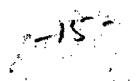

- co) Under Rule 4(1) a Government servant has to be declared as quasi-permanent in respect of a particular post; such a post may be an isolated one or it may be a post in a cashe consisting of several posts. In case where a cadre is split up into several grates it may be one such grade within the cadre. A Government servant who is declared as quasi-permanent in respect of a particular post may be shifted from one post to another within the cadre or grade concerned due to reduction in post or other causes. Such shifting does not affect his rights.
- (d) The term "temporary service" includes periods of duty as well as periods of leave irrespective of such leave being with allowance or without. It should be noted that only the service rendered in a post under the Government of India is treated as temporary service. Hence in the case of refugee Government servants the service rendered under a Provincial Government does not count as temporary service. Please see also the explanation below on rule 10.

Rule 3.—There are two conditions to be fulfilled before a Government servant could be declared as quasi-permanent. The first condition is 3 years Government service. This service should be continuous and service rendered by refugee Government servants under a Provincial Government concerned is taken into account for the purpose. The second condition is regarding the suitability of the candidate for continued appointment in the post concerned. A candidate's suitability has to be decided from three different angles. He should passess the requisite qualifications for the post, he should have both willingness and capacity to devote himself to the duties of his post; and perform them efficiently. In addition his character should be such as to make him fit for public services. A candidate who fulfils the two conditions can be declared as quasi-permanent. The issue of declarations should await the instructions referred to in this Rule (which will be issued separately by the Ministry of Home Affairs).

Rule 4—This is a rule of procedure and is self-explanatory. It is necessary that a declaration issued in favour of a candidate under this rule should be kept along with his permanent records. In the case of a gazetted officer an authenticated copy of the declaration should, therefore be sent to the Accounts Officer concerned and in the case of a non-gazetted officer it should be pasted to the Service Book.

Rule 5—This rule indicates the procedure to be adopted in terminating the services of a Government servant who is not declared quasi-permanent. As the services of 'purely temporary' employees are expressly made terminable by notice on either side, such termination will not be construed as dismi-sal' or 'removal' so as to attract the provisions of Section 240(1) of the G vernment of India Act, 1935; or necessitate the institution of formal disciplinary proceedings under the classification Rules. The intention is to facilitate the maintenance of discipline and the weeding out of inefficient or nusuitable employees.

Rule 6—This rule relates to the security of tenure of a quasi-permanent Government servant. It should be noted that except in the event of reduction in the number of posts in the cadre or grade concerned the termination of service of a quasi-permanent Government servant will have to be made in the same

manner as in the case of a permanent Government servant. For example, if the services are to be terminated on grands of induscipline or inefficiency, it will be necessary to institute formal proceedings against him. He has also got a superior right of relention in service over that of purely temporary employees, in the grade in which he is quasi-permanent.

Rule 7.—This rule deals with the prospect of permanency of a quasi-permanent employee in the grade in which he is quasi-permanent and provides for permanent absorption into Government service of suitable caudidates.

Rule 8.—This rule deals with the benefits accruing from the quasi-permanent service in the matter of pay and allowances, leave and disciplinary matters. It should be noted that the benefits accruing to a quasi-permanent employee in a post in which he is declared quasi-permanent are more or less similar to those accruing to him had he held such a permanent post in a substantive capacity. Hence for the purposes of leave salary his pay in the quasi-permanent post will be treated as substantive pay. Similarly he increments in that post will not be postponed by leave with allowances. This rule, however, does not confer any retrospective benefit and the calculation of leave and leave salary as if he were in permanent service should be made only from the date from which he is declared as quasi-permanent.

Rule 9.—This rule deals with terminal benefits in respect of quasi-permanent service. It provides for a gratuity which is to be reckoned only on completed years of quasi-permanent service. The gratuity is not payable in the event of resignation or removal on disciplinary grounds. It is to be calculated with reference to the pay in specified post and not with reference to the pay in any other posts the Government servant may be holding at the time of termination of the service.

Rule 10.—This rule confers certain additional benefits in the matter of counting service for pension. When a quasi-permane it Government servant is appointed substantively to a permanent post as envisaged in Rule 7, not only the entire quasi-permanent service counts as qualified service but half the continuous temporary service rendered after 2nd September, 1939 also counts for this purpose. It should, however, be noted that periods of extraordinary leave should be excluded while reckoning the additional period. In the case of refugee Government servants no benefit is allowed under this rule in respect of service rendered under a Provincial Government. The treatment of such service is under consideration separately."

No. 4/49-T. S. dated New Delbi-3, the 11th July, 1949.—The following instructions are prescribed to regulate the issue of declarations of quasi-permanent eligibility to temporary employees of the Central Government.

- 1. Scope of the Instructions: These instructions will apply, as provided for in Rule 1 (ii) of the Rules, to all persons who hold a civil post under the Government of India and who are under the rule making control of the Governor-General. Provided that these instructions will not apply to employees in purely temporary organisations located outside India.
- 2. Crucial date: For purposes of determining eligibility of temporary Government servants in respect of (1) age and (ii) the condition regarding the three years' continuous Government service the 1st July of the year in which the declarations are issued shall be the crucial date.

For purposes of calculating this age limit be will be allowed to deduct from his actual age the length of his continuous temporary services as defined in rule 2 of the Central Civil Services (Temporary Service) Rules, 1949.

Provided that in respect of special categories of Government servants for whom the maximum age for appointment to any Government post or class of pasts has been specially relaxed by Government, the maximum so relaxed would be applicable in respect of that past or class of posts notwithstanding the maximum prescribed in this Instruction."

NOTE:—The concessions regarding the relaxation of the maximum age limit given to candidates who took part in the National Movements, contained in the Ministry of Home Affairs Office Memorendom No. 15/21/48-Ests, dated the 29th November 1948, will also apply for purposes of calculating the age under this rule.

- (ii) Educational qualifications: The temporary employee should possess the minimum educational qualifications prescribed for the post or service concerned.

NOTE, :-- (a) Only service rendered to a civil post under the Government of India is treated as temporary service for this purpose,

- (b) The term Government service includes periods of duty and periods of leave including extraordinary leave.
 - (c) Prior service rendered in establishments paid from Defence estimates and service rendered in Railway Department is covered by these Instructions.
 - (d) 'War Service' as defined in the Home Department Press Communique of 14th November 1244, shall be counted as service for purposes of these instructions.

No. 54.168/51 NGS dated 2-5-51.—The undersigned is directed to say that, as a doubt was felt by certain Ministries, etc., in regard to exact scope of the second note under paragraph 3(iii) of the Procedural Instructions contained in this Ministry's Memorandum No. 4/49-T. S. dated the 11th July, 1949, the matter has been considered in consultation with the Ministry of Finance, and it has been decided that the effect of the condonation sanctioned under that note is that the period of the break condoned is ignored and the services rendered before and after the break treated as one spell of continuous service. In other words, the condonation of the break or breaks enables a temporary employee to add up broken periods of service to the disregard of the break or breaks and to count those broken periods of service as one spell of continuous service.

The distinction between carned and uncarned income has been abolished from 1st April 1950.

- 2. As before relate of income-tax on account of insurance premis provident fund contributions, etc., is admissible up to a maximum of one-sixth of the total income, before deduction of the allowance for carned income, or Rs. 6,000, whichever is less.
- 3. The following examples illustrate the manner of esiculating the income-tax and saper-tax (where due : . --

Example 1-

Pay and allowances for the year. Rs. 3,020.

Under the third condition mentioned in pars. I (i), shove, the income-tax payable on the total income as reduced by the allowance for earned income shall not exceed either ---

- (a) a sum bearing to baif the amount by which the total income (before deduction of the allowance for earned income) exceeds Rs. 3,600 the same propertion as such reduced total income bears to the unreduced total income, or
- (b) the income tax payable on the income so reduced at the rates specified, whichever is less

Deduct allowance for earned income (one-fifth of 3,620)		724
Taxable income	•••	2,806

Half the excess over Rs. 3.600-20+2-Rs. 10. The proportionate tax payable on Rs. 2,896 would be Rs. $10 \times 2,896/3,620 = Rs$. 8. Tax payable on the basis of (b) above—

	Re.	4.	r.
On the first Re. 1,500		NH	
On the next Re. 1,336 (Re. 2,896-1,500) at Nine pies in the rupee	65	7	0

In accordance with the condition quoted above, the income-tax actually recoverable in this case is on the basis of (a), which works out at a lower figure, viz., Rs. 8 for the whole year.

The maximum relate for insurance premia, provident fund contributions, ste, in the above example would be on Rs. 603, i.e., one-sixth of Rs 3,620. The relate works out at Rs. 8×603/2,896—Rs. 1-10-1, so that the net tax payable is Rs. 6-6-0.

Tax on the basis of (a)-

Half the excess over Rs. 0.600 = 200 + 2 = 100.

Proportionate tax payable on Re. 3.040 would be Rs. 100 x 3,040/8,800 = 80.

(No surcharge is leviable to this case)

In this case, the tax actually recoverable is Rs 72-3-0 which is lower.

On incomes exceeding Rs. 3,800 but not exceeding Rs. 3,778 the tax on the basis of (a) works out at a lower figure and should be adopted, while in the case of incomes exceeding Rs. 3,778 tax should be calculated on the basis of (b).

Imphal, the 20th March., 1952.

No. FA.8-50/C.—The following press communique issued by Reserva Bank of India, Bombay is republished below for general information:—

Licensing of Banking Companies under section 22 of the Banking Companies Act 1949.

The provisions of Section 22 of the Banking Companies Act, 1949 relating to licensing of banks, are summarised below for the information of the public .--

- (i) No company shall carry on banking business in India unless it holds a licence granted by the Reserve Bank.
- (ii) Sub-section (2) of the Section however permits a banking company in existence on the date of the commencement of the Act to carry on banking business until it is granted a hence or is by a notice in writing informed that a licence cannot be granted to it. The Reserve Bank shall not give such a notice to an existing banking company before the 10th March, 1952 or in cases where an extension of time (not exceeding one year) is granted to comply with the requirements of Section 11, before the expiry of such extension.
- (iii) Before granting a licence the Reserve Bank may require to be satisfied that the company is in a position to pay its depositors in full as their claims accrue, that the affairs of the company are not being conducted in a manner detrimental to the interests of its depositors, and in the case of a company incorported outside India, that the Govt. or lawof the country in which it is incorporated does not discriminate in any way against banking companies registered in India.
- (iv) The Reserve Bank may cancel any licence if any of the conditions required to be fulfilled at the time of granting a licence cesses to be fulfilled.
- 2. The Reserve Bank of India has already undertaken the work of scrutinising the financial position and methods of operation of the banks which have applied for a hoence under the above Section. This work, however, would necessarily take a long time for completion, particularly as a large number of banks operating throughout the length and breadth of the country have applied for hosness. Thus a simultaneous issue of licences to all banking companies will not be practicable. In view of these circumstances, it has been decided to commence the issue of licences to banking companies from April 1952, if and when they are found eligible for a licence in terms of Section 22 of the Act. It is possible that some banking companies may receive licences earlier than others, but this does not necessarily unply that the latter are considered ineligible for a hoence or that their financial position and methods of operation have been found to unsatisfactory. It should also be noted that in issuing a beence to a banking company the Reserve Bank does not extend any guarantee to the depositors or undertake any responsibility regarding its stability or financial soundness. If any banking company receiving a licence desires to indicate directly or indirectly in any advertisment that a liconce has been granted to it by the Reserve Bank of India, it will also be required to specify that the licence has been granted in terms of section 22(1) of the Banking Companies Act and that the Keserve Bank does not undertake any respossibility for the financial soundness of the banking company-

- 3. As the delay in issuing a licence may be due to reasons other than the non-compliance with the conditions mentioned in Sub-Section (3) of Section 22, it should be clearly noted that the delay in the issue of the licences does not in itself imply any reflection on the eligibility of the banking company for a licence.
- 4. If a licence is refused to an existing banking company or a licence that has been issued is subsequently concelled, the banking company will have to cease transacting banking business for hwith and the Reserve Bank intends in such cases to arrange for the publication of such information

PRESS NOTE RETURN OF ELECTION EXPENSES POINTS CLARIFIED.

Numerous enquiries have been made of the Election Commission by candidates from time to time in respect of certain points affecting the return of election expenses to be filed by them in form 26 of Schedule I of the Representation of the People (Conduct of Elections and Election Petitions) Rules, 1951. The Commission's veiws on some of the points vaised are stated below for the information of the candidates and their agents, who should, however, be finally guided by their own legal ad iscre.

SCOPE OF THE TERM "EXPENSES"

The Commission has been asked whether the term "expenses" used in paragraph 2 of Form 26 will include expenses not authorised either by the caudidate or by his election agent. The Commission is of the opinion that the term includes all expenses specified in rule 111 of the Representation of the People (Conduct of Elections and Election Petitions) Rules, 1:51, and the maximum fixed under Schedule V of the Rules has reference only to the total of all such expenses.

EXPENSES FOR VOLUNTEERS AND OTHER UNPAID WORKERS.

In addition to persons who are allowed, under the rules to be employed for payment by a candidate or his election agent in connection with an election, he usually enlists the support of volunteers and other unpaid workers to assist him in his election campaign. While such volunteers and workers may not receive from the candidate or his agent any remuneration for the voluntary assistance they give to a candidate, the candidate may have provided them with refershments or tood or with their out of pocket expenses e.g. transport charges or free transport. The question has arisen as to the appropriate head of account under which such expenses should be shown. In the Commission's opinion such expenditure does not violate rule 118 of the above Rules and should be entered in Part 'K' of Form 26.

PURCHASE OF CARS OR OTHER CONVEYANCES.

A candidate may have purchased one or more cars immediately before or during the elections for using the same during his election campaign. He may have disposed of such cars by sale at the end of the elections or may have retained one or more of them for subsequent use. The Commission considers that the requirements of the law would be met if the candidate shown in the apprepriate part of Form 26 the actual running expenses of the vehicles in connection with his election work during the period of the elections up to and including the date of declaration of the result

of the election. If any vehicle has been sold off, the difference between its cost price and the sale price should also be shown as an election expense. Where the vehicle has not been sold but is retained for personal use, no part of the cost price need be shown as election expense. If a number of vehicles were purchased during or immediately before the election period, however, the presumption of their purchase for personal use may not apply and it may be necessary to include in the election expense a reasonable part of the cost price of the vehicles.

USE OF PRIVATE CARS BELONGING TO A FRIEND BY CANDIDATE OR HIS AGENT

In a case where a candidate or his agent uses a private car belonging to a friend or belonging to his party for election purposes, the actual running exponses of the car during the period of its use for election work should be shown whether the same had to be paid to the friend actually or not.

JOINT EXPENDITURE BY PARLIAMENTARY CANDIDATE AND ASSEMBLY CANDIDATE.

In a Parliamentary constituency comprising the appropriate number of Assembly constituencies, the Parliamentary candidate and the Assembly candidates belonging to the same political party or otherwise associated with each other have often incurred certain items of expenditure jointly to advance the interests of all of them in the elections. In such cases, the total expenses for each item should be apportioned amongst the Parliamentary and the Assembly candidates in a reasonable manner. One possible formula is to distribute the amount amongst the candidates proportionately in relation to the maximum permissible expenses fixed for the Parliamentary and the Assembly constituencies in that particular area. For example, if a single-member Parliamentary constituency comprises three single-member and one two-member Assembly constituencies and the maximum expenses permitted under the rules are Rs 25,000 for the Parliamentary constituency, Rs. 8,000 for a single-member Assembly constituency and Rs. 12,000 for the two-member Assembly constituency, and if the Parliamentary candidate and the five Assembly caudidates have medicated any expenses jointly 257(0) the Parliamentary can belate may show $25000 + (3 \times 5000) + (2 \times 12000)$

i. e. 25rd portion of the total joint expenses while each single-member Assembly candi-

date may show 8cl and the double-member Assembly candidate 12rd of such total,

PRESS NOTE

Inmhal, the "th April, 1952.

The following Resolutions passed unanimously by the Governing Body of the D M. College in its meeting held on the 7th April, 1952 is published below for general information.

The Governing body views with great regot that the resolution passed by it in its meeting of the 6th April has not projuced the desired effect on some of the students and that though the hunger-strike has been discontinued it appears from the speeches derivered by some of the students in the meeting held in the Pois ground on the 6th Voril that the students will continue to absent themselves from the College. It is understood that the strike in the College will continue until the Principal is dismiss d from office. Apparently, the lement attitude adopted by the Governing body has been mis independent. The demand for the removal of the Principal is a proposterous one. In view of the situation that has developed now the Governing body will a that the resolution of the 6th April 1952 should be kept in abeyance and the students on strike told that caless thay join the classe, auconditionally on the next working day i.e. the 19th April, the College shall be closed singless.

The Governing Body further resolves that as it is not possible for the Matricallation and B. A. examinees to continue their studies to the present atmosphere or to appear in the examination undisturbed, the University should be requested, if the situation does not improve, to change the Centre of the aforesaid examinations to some suitable place in Assem

Resolved further that a copy of the Resolution be sent to the local press for publication.

Applications invited for the construction of a Hotel at 1mphal.

Imphal, the 5th April, 1952

No. Pw/24/VII/51 The Government of Manipur are interested in the development of a high-class hotel of Imphal for tourists and travellers visiting this State. Manipur has aptly been described as the Kashmir of Eastern India. The cheap living and the ideal climics have always attracted a large number of visitors here. Entry to this State was however restricted before August 1947. The restriction has since been withdrawn and the State has acquired a new status under the Union of India. As a result there is now a constant stream of high-class visitors, both official and non-official to this State and this Administration receives frequent requests for finding accommodation for them, which it finds impossible to comply with, owing to the want of a good hotel here.

The Government of Mampur are therefore interested in developing a high-class hotel at Imphal and would be willing to allot a suitable site for it, comprising about 2 acres of and in the Town of Imphal, on a nominal premium of Rs. >000/-, with land revenue at R. 17 per acre, to any suitable party who would be willing to construct and run a b tel hero

The undersigned will accept applications from necons interested in the above offer upto the 30th April 1952. Applicants should quote what experience if any, they have in the running of hotels. The successful applicant shall be bound by the following conditions and all applicants should state whether they are agreeable to abide by them.—

- ii. The plan of the building shall be approved by the Govi of Manipur.
- (u) The Construction must be completed and the hotel begin to function by April 1953
- (iii) The land allotted for the hoter shall revert to the Gov. it not utilized for the purpose for which it is given.

INDIAN CENTRAL OIL SEEDS COMMITTEE.

The following announcement made by the Indian Central oil Seeds Committee is republished for general information *--

The indigenous village glamis at present used in villages are inefficient in that they take a long time to crush a unit charge and leave a large percentage of oil in the cake. As there is considerable room for improvement, the Indian Central Oilseeds Committee had offered a prize of Rs. 5,000°- to any person or body who designs the best model of village ghani and demonstrates its working to the satisfaction of the Committee or a competent body appointed by it.

- 2. The response to this offer had been poor and the Committee, therefore, decided at its last meeting held in November 1951 that entries for the competition should be called for afresh and that this should be given wide publicity for the information of these who desired to take part in the competition.
 - 2. The improved ghant should fulld the following conditions:

The capacity of the ghani per charge should be over 10 seers; the time taken to crush one charge should be not more than hour in the case of til seed; must be run by a single bullock—the price should not exceed Rs.2000; the cake should not exceed Rs.2000; the cake should not contain more than 10 percent of oil.

- 4. A preliminary selection will be made on the basis of the perticulars supplied by the competitors regarding their models. The selected models would be required to be demonstrated at a place to be decided by the Committee later.
- 5. When models are selected for final demonstration, the persons concerned will be informed about the date on which they are expected to demonstrate chair models.
- 6. The prize winner will have to surrender the right of the grand. The Committee may purchase it by paying its cest of manufacture, which in no case should exceed Rs 200/- and the Committee will have the patent right.
- 7. Those desirous of competing for the prize should send a diagramatic sketch drawn to scale, giving full details of working, out-turn cost, etc to the Secretary, Indian Central Oilseeds Committee, Ministry of Food and Agriculture, Room No 345, Block No. 9, Shahjahan Road, New Delhi-2, so as to reach him not later than the 31st August 1952.

NOTE :- (i) Registering officers should attend personally to the duty of taking the thumb impressions if executents, Such in resisions should be taken in the printed register (Form No.59) prescribed for this purpose and on one sedu. I the paper only. The serial number of the thumb impression in the register should be entered against the impression on the back of the deed. A separate register of thumb impressions should be kept for use when executing commissions.

(ii) Thurb impressions taken in registration offices should always be "rolled in rescions", and with a view to having such impressions taken property, the following instructions should be oversed:

(a) To tak, a "rolled" impression, the them is placed upon a tin slab over which a thin film of printer's ink has been spread; the plane of the nail being at right angles to the plane of the slab; and the thinh is then turned over until the bulb surface, which originally faced to the lift, now faces to the right, the plane of the nail being again at right engles to the slab. By this means the ridge surface of the thumb between the boundaries of the nail is inked, and by pressing it lightly upon paper in the came way that it was pressed upon the inked slab, a close relied impression of the thumb surface is brained. Care must be taken not to press the thumb too heavily on the inked slab, or subsequently too heavily on the paper, otherwise a clurred impressin results. To obtain clear impressions the following details must recieive ettention in

The tin slab in was must be free from dust, hairs, or other fereign matter. It should be freshly cleaned for use each day all trace, of the ink previously used being remove. A very small quantity of ink should be applied, and this should be worked up into the thinnest possible film; unless the film is thin, the impression will be blurred.

(b) "Rolled" impressions, as usually taken, have en utidy at earance twins to the jaggel edges on three sides of the impression. To obviate this, use is made of a stencil plate of paper. A piece of foolscap, or other paper, about 2 inches wide and 7 inches lone, is taken, and three rectangular spaces ABCD, EFGH, IJKL are cut out of it (marginal figure), these rectangles being of varying dimensions so as to be applicable to thumbs of different sazes. Care should be taken that the aperature is sufficiently wide to include the full outline of the patter.

(c) The aperture in the stencil plate, which is appropriate to the particular thumb, the impression of which is required, is placed ever the space upon which the improve ssin is to be recorde and the thumb surface is then # placed on the edge of the rictangular paceture, the plane of the nail being at right angles to the palme of the retem rectangle. The thumb is then rolled over as above explained until the plane of the nail is again at right angles. The stencil pulse plate receives the jarged impression of the fidges which add in the nail boundaries. When the stencil plate is removed, a simmetrically shapped impression of the thumb surface is left on the paper containing all the peculiarities of the pattern needed for its differentiation. It may be noted that no portion of the sufface of the second foint of the thuml should be inked, or if inadver ently inked, should be impressed on paper.

(iii) Should an impression taken in the register of the thumb impressions be improved, a second impression should be taken in the ruled space must below, and it should bear the same number as that of the original impression.

Sub:-REMITTANCES TO PAKISTAN FOR THE MAINTENANCE OF DEPENDENTS

In continuation of this Ministry's letter of even number dated the 30th August on the subject noted above, I am directed to enclose a copy of the Public Notice and the form of application as finally approved. It will be observed that a few medifications have been made in the Public Notice and in the application form. These relate mainly to remittances through the post office Applications for remittances through the post office are now required to be Submitted in triplicate and a copy of the permit is to be endorsed to the post office through which the applicant desires to make the remittance.

- 2. As mentioned in the earlier communication remittances will normally be permitted only up to Indian Rs. 5.7- per month. Remittances involving higher amounts in exceptional cases are not however entirely ruled out and applications will be considered on merits by the Reserve Bank of India. The procedure in such cases will be that persons desiring to make higher remittances will first submit applications in the prescribed form to the Collector Deputy Commissioner concerned stating grounds on which a higher remittance is desired. These applications will be scrutinised by the Collector/Deputy Commissioner as in the case of other applications. On being satisfied that the circumstances of the case e.g. the level of the income and the standard of living of the applicant and the number of his dependents in Pakistan justify a higher remittance the Collector/Deputy Commissioner should delete the second paragraph of the endorsement in the prescribe form and in its place record his recommendation as to what, in his opinion, would be the suitable amount of remittance. The application form should after recording the recommendation be returned to the applicant for submission to the nearest office of the Reserve Bank of Lodia.
- 3. The public Notice will be published in the Gazette of India on Saturday, the 15th December, 1951. A copy of the Press Note being released on the same day is also enclosed for your information.
- 4. The Government of India will appreciate if the State Government would now issue suitable instructions in this behalf to the Collectors Deputy Commissioners under them. The Public Notice and the application form should also be published in the State Gazette as soon after the 15th December as possible. I am to add that the scheme may also be given as will a publicity as possible in the local press.

Sub-MAINTENANCE REMITTANCES TO PAKISTAN.

It has been decided by the Government of India to permit residents in India of Pakistani domicile and persons domiciled in India who have dependants in Pakistan to make moderato remittances for their support.

The Procedure prescribed for making maintenance remittances to Pakistan is detailed below for the information of the general public.

- (1) Applications should be made in duplicate if remittances are to be made through banks and in triplicate if through post offices. As it will not be possible to arrange for the supply of form all over the country, the applicants should make their own arrangements to submit their requests on the precribed form, using thick paper for this purpose.
- (2) all applicants must obtain a certificate from the Collector/Deputy Commissioner of the district in which they reside in the form laid down in the appendix.
- (3) The maximum amount upto which remittances will be permitted will normally be Indian Es. 50/- per month. Collectors/Deputy Commissioners are authorised to issue permits for remittances upto this limit. Applications for remittances in excess of this limit for exceptional reasons will, however, be considered on merits. Such applications stating grounds on which highter remittance is desired should be submitted on the prescribed form to the nearest office of the Reserve Bank of India after obtaining the necessary certificate and recommendation of the Collector/Deputy Commissioner of the district in which the applicant resides.
- (4) On approval, the applicants will be able to make remittances upto the sanctioned amount to the persons or persons in Pakistan mentioned in the application form either through an authorised dealer (i.e. an authorised bank) or through a post-office during the validity of the permit at the option of the holder. For the present, remittances will be possible only through authorised dealers, as arrangements have not yet been completed for re-opening money-order facilities with l'akistan. As soon as this is done, an announcement will be issued by the competant authority.  - (5) Remittances will be made in round Pakistan rupees only,

- (7) If, in any month, remittance is not made, the authority to make the remittance during that month will be deemed to have lapsed.
- (8) All remittances by authorised dealers will be made in the name of the beneficiary or beneficiaries as stated in the application. Postal authorities will also make money-order remittances only in the name or names of persons as approved on the application form.
- (9) If the remittance is to be made through post office, one copy of the permit should be forwarded by the issuing office direct to the Postmaster of the office at which the remittance is to be made
- (10) If the applicant is found to have made any mis-statement or abused the facility in any way, his permit will be cancelled and he will also make himself liable for prosecution under the Foreign Exchange Regulation Act.

INSTRUCTIONS FOR THE ANNUAL PREPARATION OF THE ELECTORAL ROLLS DURING THE YEAR 1962.

As required under Section 28 of the Representation of the People Act, 1950, the Electoral Roll of each Constituency has to be prepared every year in the prescribed manner by reference to the qualifying date. According to the instructions of the Election Commission, India, contained in their letter No. 125-52-Elec. I dated the 27th February, 1952, annual revision of the Electoral Roll should cover one fifth of the entire area of the State and also a detailed revision of the rolls in respect of certain special areas viz. (i) Urban Areas, (ii) Areas where there is floating labour population or unrehabilitated displaced persons are congreated and (iii) areas to and from where fairly large migrations are known to have taken place, will have to be made. The rolls of the remaining four fifth area are to be revised on the basis of existing rolls with such amendments of the list as may be worked out by reference to the National Register of Citizens and the geoords of death and corrections which otherwise come to the notice of Electoral Registration Officers.

According to the directions of the Commission under para 9 of the letter mentioned here above a State, if it is in her capacity, can carry out a hundred per cent revision of the rolls every year. As hundred per cent revision is not feasible in the state of Manipur it has been decided, for accuracy's sake, to confine to revising 60 per cent of the areas only.

Accordingly in the year 1952 the Electoral Rolls of the constituencies noted below will be intensively prepared with detailed house to house enquiry.

Registration, Deletion and Correction of names which are the basis of the Annual Preparation of names will begin from the 1st September and conclude on the 31st October, 1952 by reference to the instructions embodied in the Annexure I. The persons noted in the Annexure II have incurred the disqualification under section 143 of the representation of the people Act, 1951, and as such their names should now be deleted from the roles.

METHOD OF PREPARATION.

Ragistration Staff:—As has been stated above the preparation of the new electoral rolls will be made on the basis of existing rolls by their revision. Copies of the relevent portions of the rolls will be supplied to circle Amins with

whom the works of the Annual preparations of Electoral Rolls have been entrusted. As circle Amins occupy the pivotal position in respect of the preparation of the rolls, they should work honestly and carefully in such a way that not a single mis-entry in the rolls has crept in. They will strike off name- of all who have died or have test the area permanently for which the roll is being prepared; the reason of this should be given in the margin and initialed invariably by the registering official. Registration of new names viz. those persons who have by the time of the preparation of the rolls attained the age of 21 years should be done separately. In areas for which fresh rolls are required to be prepared, those names will be included at their appropriate places before printings.

Supervisors Staff . Supervisor Kananges of Tahsit Offices should work as Supervisors. They should minutely keep watch over the progress of the work of the circle Amins by making frequent tours at the area where the preparation is being carried on. They should also check the entries, corrections and deletion in the rolls by the registering officials as far as possible and should satisfy themselve that the work of their subordinates are cent per cent correct.

Electoral Registration Officer—Electoral Registration Officers are the highest and most responsible administrative officers in respect of the prepartion of the electoral rolls. They should check the progress of the work and forward an abstract of their notes in this behalf to the Chief Electoral Officers for information. They should also bear in mind that time scheduled can on account be changed.

In the existing rolls some persons who apparently had not attained the age of 21 years had been registered. It should not be done as far as practicable. The registering officials should at the first instance ascertain the age of all persons willing to have their names registered in the rolls. A School certificate or a horoscope is a proof for ascertaining the age of a person.

The Registration Staff should let the people know by best of dram that the electoral preparation work has begun. Notice also is being issued to the public through viliage Chowkidars to this effect. The registering staff should take with them the copies of the forms Nos. 1, 2, 3 & 4 from the office of the Electoral Registration Officers on the eve of their departure for the work.

TIME TABLE.

The time table noted below should be strictly followed under all circumstances and in no case adjournment will be allowed. It should be noted as most important.

- 1 Registration of names: --- From 1-9-52 to 31-10-52.
- 2. Compilation of rolls: -- From 1-11-52 to 15-11-52.

Allowances to Registration Staff.—As has been done in other provinces a sum of \mathbf{Rs} . 3 - will be given for the first $b^{(n)}$ names and an additional sum of one rupee for every additional 100 names. A contingent charge of one rupee will also be given to the Registration Staff.

further to amond the o netitution of India.

Do it enacted by rarliament as follows :-

1. Sh rt title . This act may be call of the Constitution (Second Amendment) Act, 1952.

2. Amondment of Article 81. - In sul-class (b) foliase (1) of article 81 fothe Gametitution, for the figures "750,000" the library "850,000" and for the figures "500,000" the figures "650,000" shall be substituted.

STATEMENT OF OURSELF ID AT BOMS

Article of (1) (a) prescribes and a lute limit of 500 lected componed in the house of the territorial constituencies and the number of members to a cold that the such such such such tituency shall be a determined as the number that there shall be not less than one number for every 750,000 of the population and not a rother not content of revery 500,000 of the qualities.

The present delimitation of rarlismentary will be constituencies is laused on the adjusted of poulation which have been riven by I validity by an order of the 4r seident and radicle 387 for the Constitution. Inticle of (3) of the Constitution, below or, recognizes that upon the constitution of one consus, the representation of the several territorial constituencies in the cause of the seple and the Levislaria, assemblies of each State to shall be re-adjusted by such authority, in such manner and with effect from such dations satisfament may by law determine. A lift or vicing for the matters of formed to in that which effect in factions introduced in rarliament. In vision, so the major in that will for the setting upon the Delimitation Commission for the turn as of offiction re-adjustment of the representation in the force of the replacement of the formed to the population as assertained at the consust of 1951.

There is a considerable difference tetraen the couletin of the several states as estimated in the Fresident's order and in the prolet, now we retained at the condus of 1951. At present, serts have been allotted in the Pouse of the top, the rest A and Part B State on the Basis of no member for every 7.2 lakks of the estimated combat on riving a total of 470 mumbers to those States. The census filters are higher in all obses, and in view of the everall limit of 500 modern poscribe in article cases, and in view of the everall limit of 500 member, recorded in acticle 81(1)(a), it is not as if le to increase so apprecially to total number of scatt alletted to the post to. It is accordingly nocessary to roduce the representation from one member if revery 7.2 lekks of population to one member for every ".5 lakhs of population as per 1:51 centure. As pointed out above, this figure 7.1 lakes is the maximum pervissible under article 81(1) as times strate; but even s , if the average population of a varliamentary c n tituency in any Stete is to be 750,000, it is obvious that the population of a cortain nymbor of constituencies will exceed that figure. It is necessar, therefore, that article 81(1;(1) should be associated relaxing the limits prescribed in that article so as to avoid a constitute hal irrefulerity in delimitting the constituencies for the purpose of re-adjustment of re-resentation in the Mouse of the keeple as required under arises article at as to evoid a constitutional irrequelarity in delimiting the constituencies for the purpose of re-adjustment of representation in the House of the copie as required under article 81(3) of the Constituti n. This fill accordingly socks to smend article 81(1)(b) of the constituti n so as to replace the discrete mentioned in that article by the figures 850,000 and 650,000 respectively.

STATEMENT OF OBJECTS AND REASONS

In pursuance of a recommendation of the Conference of the Local Self-Government Ministers of States held on the 7th August, 1948, the Government of Iudia set up the Central Committee on Cantonments under the Chairmanship of Shri S. K. Patil. The Committee inter alig reviewed the working of the Cantonments Act, 1924 and after taking into account the views and suggestions of State Governments, Local Bodies, Associations and individuals, made certain recommendations for amending the Act. The amendments proposed in this Bill are mainly based on the recommendations of that Committee. The amendments aim largely at increasing the efficiency of administration of Cantonment Boards and to bring the system of election in line with general principles adopted for Parliamentary and Municipal elections. It is proposed to abolish communal reservation on Boards and also to provide that one-person should not be allowed to be a member of two Local Bodies at the same time.

Certain consequential changes have also been made as a result of the introduction of adult franchise. Power has been taken by the Government to fill up short term vacancies in the office of the Executive Officer by Military Officers when officers of the Military Land and Cantonment Service are not readily available. Boards have been vested with greater powers in respect of recovery of dues and other matters for the sake of improving the efficiency in the administration. Certain amendments are intended to clarify some doubts about the application of certain sections. The Bill also deals with some minor difficulties disclosed by the working of the Act.

STATEMENT OF OBJECTS AND REASONS

In pursuance of a recommendation of the Conference of the Local Self-Government Ministers of States held on the 7th August, 1948, the Government of India set up the Central Committee on Cantonments under the Chairmanship of Shri S. K. Patil. The Committee inter alia reviewed the working of the Cantonments Act, 1924 and after taking into account the views and suggestions of State Governments, Local Bedies, Associations and individuals, made certain recommendations for amending the Act. The amendments proposed in this Bill are mainly based on the recommendations of that Committee. The amendments aim largely at increasing the efficiency of administration of Cantonment Boards and to bring the system of election in line with general principles adopted for Parliamentary and Municipal elections. It is proposed to abolish communal reservation on Boards and also to provide that one person should not be allowed to be a member of two Local Bodies at the same time.

Certain consequential changes have also been made as a result of the introduction of adult franchise. Power has been taken by the Government to fill up short term vacancies in the office of the Executive Officer by Military Officers when officers of the Military Land and Cantonment Service are not readily available. Boards have been vested with greater powers in respect of recovery of dues and other matters for the sake of improving the efficiency in the administration. Certain amendments are intended to clarify some doubts about the application of certain sections. The Bill also deals with some minor difficulties disclosed by the working of the Act.

STATEMENT OF OBJECTS AND BEASONS

This Bill revises and seeks to replace the Special Marriage Act of 1872 so as to provide a special form of marriage which can be taken advantage of by any person in India and by all Indian nationals in foreign countries irrespective of the faith which either party to the marriage may profess. The parties may observe any ceremonies for the solemnization of their marriage, but certain formalities are prescribed before the marriage can be registered by the Marriage Officers. For the benefit of Indian citizens abroad, the Bill provites for the appointment of Diplomatic and Consular Officers as Marriage Officers for solemnizing and registering marriages between citizens of India in a foreign country.

- 2. Provision is also sought to be made for permitting persons who are already married under other forms of marriage to register their marriages under this Act and thereby avail themselves of these provisions.
- 8. The Bill is drafted generally on the lines of the existing Special Marriage Act of 1872 and the notes on clauses attached hereto explain some of the changes made in the Bill in greater detail.

New Delm; The 25rd July, 1952. C. C. BISWAS.

NOTES ON CLAUSES

Clause 1.—The Act is to have extra territorial operation so as to permit of marriages between citizens of India being solemnized outside India.

Clause 3.—Diplomatic and Consular Officers may be appointed as Marriage Officers outside India.

Clause 4.—Apart from the fact that the provisions of this Act, if passed, will apply to all persons marrying thereunder irrespective of the religion they may possess, the other changes of importance which have been made in this clause, as compared with section 3 of Act III of 1872, are the following, namely:—

- (a) the addition of a new condition relating to idiocy and lunacy as in sub-clause (b);
- (b) the raising the age limit for marriage to 18 in the case of either party, subject to the obtaining the consent of the father or guardian where he or she has not attained the age of 21 years;
 - (c) the provision for marriages abroad between citizens of India;
 - (d) the re-statement of prohibited degrees in simpler terms.

Clauses 5 to 12.—Apart from minor draiting changes, these clauses correspond to sections 4 to 13 of Act III of 1872 except that in clauses 5 and 11 the period of 14 days now available is being increased to 80 days. Incidentally, in clause 8 a special provision is sought to be made for the disposal of objections in the case of intended marriages abroad.

(Naus: 13 is a new and useful provision on the lines of section 52 of the Christian Marriage Act, 1872.

Clauses 14 to 17 are new and provide for the registration under this Act of marriages solumnized in other forms, so as to enable the parties thereto to avail themselves of the benefits of this Act. No application for such registration can, however, be made unless it is signed by both the parties to the Marriage.

Clauses 18 to 27 correspond to sections 22, 23, 25, 26, 17, 24, 19, 15, 16, and 21 respectively of Act III of 1872. With respect to clause 19, the Caste Disabilities Removal Act, 1850, provides that so much of any law or usage as may be held in any way to impair or affect any right of inheritance of any person by reason of his or her renouncing or having been excommunicated from the communion of any religion or being deprived of caste shall cease to be enforced as law. In clause 21 it is now provided that the mother also, if otherwise entitled, may adopt a son.

Clauses 28 to 35.—Although some of these clauses are new, they are self-explanatory and do not call for any comment.

P. C. Deb, Secretary to the Govt. of Manipur.

STATEMENT OF OBJECTS AND REASONS

The management of Wakfs though it vests immediately in a mutawalli, is a subject which requires the supervision of the State. The need for supervision has been felt, and in addition to various enactments dealing with the aubject of charitable endowments, the Musalman Wakf Act 1923, (No. 42 of 1923) was enacted for the whole of India. This Act merely provides for the submission of audited accounts by the Mutawallis, to the district judges. This Act did not prove of much practical value. The Musalman Wakf (Bombay Amendment) Act 1935 (XVIII of 1935) amended the Musalman Waki Act 1923 (42 of 1928). The Bengal Waki Act 1934, (No XIII of 1934) was enacted to create a machinery for the supervision of wakfs in Bengal. The U. P. followed suit and the United Provinces Muslim Wakfs Act 1936 (XIII of 1286) was passed creating a Central Wakf Board. Similarly Bihar also passed a legislation almost on the same lines. The working of these Acts has brought out the necessity of some amendments. Further many of the States have got no Act for the purpose. It is therefore necessary, that one uniform and consolidated legislation may be passed by the centre, which may be adopted as a model Act by the various States. It is with this view that the present Bill is introduced.
